Re: McGinnis Industrial Maintenance Corporation

Dear Dr. Parker:

Your letter of January 7, 1976 to Mr. George Putnicki requesting certain information relating to the above referenced matter has been assigned to me for processing. I am enclosing a copy of the transcript of a Texas Water Quality Board (TWQB) Hearing Commission Report presented to the Board on August 26, 1975. It will be necessary, however, for you to contact the U. S. Coast Guard in order to obtain the findings of the Coast Guard investigator. You must also contact the TWQB in order to obtain a copy of their file on the referenced subject. This agency does not have either of those items on file.

Sincerely yours,

B. Ralph Corley
Attorney
Legal Branch
Enforcement Division (6AEL)
